TRANSMISSION LINE TOWER & RAILWAY ACCESSORIES

TOWER ACCESSORIES

- ✓ Danger boards.
- ✓ Number plate.
- ✓ Phase plate.
- ✓ Anti Climbing Device.
- ✓ Step bolts 16x175 mm.
- ✓ Antiperch / Bird guards for suspension towers.
- ✓ Hanger rods.

CABLE TRAY & RACEWAY

PERFRATED TYPE CABLE TRAY ASSEMBLY SYSTEM (PCT)

Material finish for Perforated & Ladder type cable Trays	
Powder Coated	Are used in all building segments as well as industries for internal applications.
Pre-Galvanized	Are used in all building segments as well as industries for internal applications.
Hot-Dip Galvanized	Are used in all building segments as well as industries for internal / External applications
Aluminium	Are used in Petro chemical plants, paper mill and marine environment .
Stainless Steel	Are used in Food Industries and in highly corrosive environment.

GROUND MOUNT & ROOFTOP SOLAR STRUCTURES

Elevated Structure

MDA Group of India specializes in manufacturing transmission towers, railway accessories, industrial gratings, cable trays, earthing materials, and more. Our premium quality products at affordable prices have earned us a vast clientele, and our in-house engineering department uses the latest AUTO CAD systems for design. Located in Vasai & Boisar, our mission is to meet the growing industry requirements with a skilled team and diverse product range, available in various finishes as per client needs.

Fixed Tilt Ground Mount Structure

We are a manufacturer specializing in Pre Gal, Galvalume, and HDG, particularly in Solar Module Mounting Structures (MMS), and we supply these structures to EPC companies. We have the capability to fulfil bulk quantity orders according to customer specifications.

GI STRIPS

Earthing material GI Flats

Company Information: We are a leading Manufacturer of Earthing plates & Galvanized Strips based in Mumbai, India.

Product Specification:

- Single Piece Length: 3 to 18 m
- Material: MS/GI
- Thickness: 3 to 35 mm

Product Description: GI Flat Being a quality-oriented organization, we are involved in providing a supreme quality range of GI Flat.

Features:

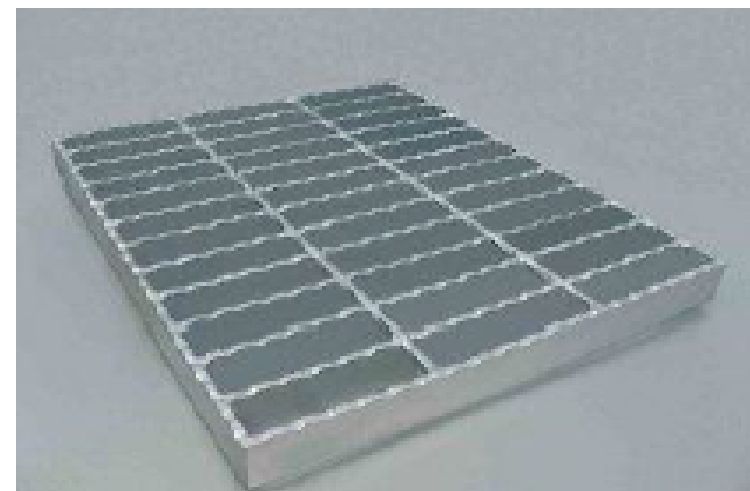

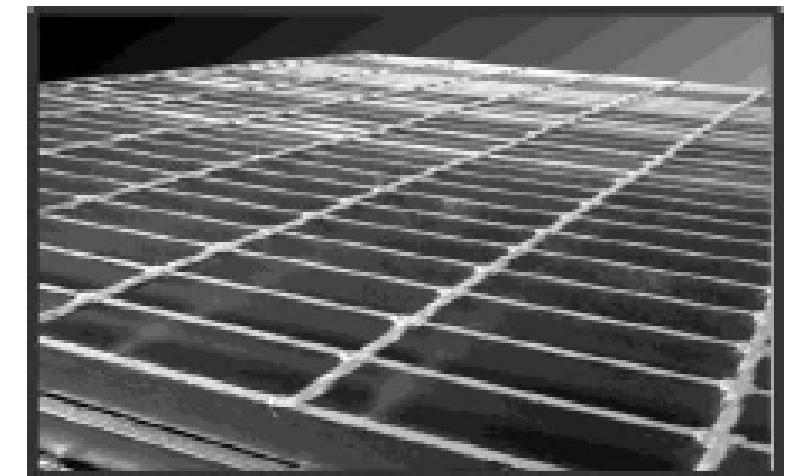

- Dimensional accuracy
- Precise design
- Rust-proof

GRATINGS

GRATING (MS/PAINTED/GALVANIZED)

MDA Group of India, an ISO-certified company, offers a comprehensive range of electro-forged grating solutions tailored to meet your industrial flooring requirements. Following production, the grating panels undergo customization to match client specifications, ensuring swift and straightforward installation on-site. These gratings, available in rectangular and circular types, may feature notches based on preference. MDA Group India guarantees precision in fabrication. As an alternative to concrete bases, chequered plates, M.S. plates, and manually fabricated gratings, MDA Group India stands out for its strength, durability, corrosion resistance, safety, high-temperature tolerance, cost-effectiveness, and remarkable load-carrying capacity. Renowned as a leading ISO-certified company specializing in the design and manufacturing of industrial steel floor manual and electro-forged gratings, MDA Group of India serves Boisar and Vasai regions.
